2019.10.29(TUE)-11.1(FRI)

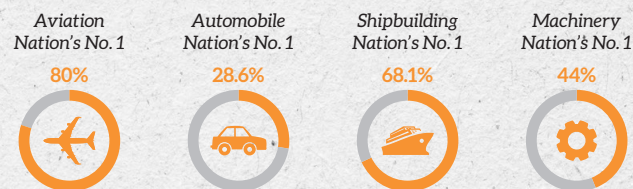

## THE LARGEST SMART FACTORY & MANUFACTURING FAIR, SMATOF

## Smart Factory in Gyeongnam Province

Held in the Industrial Hub of Korea with the Highest Demand for  
Smart Factory & Manufacturing Technology

Gyeongnam [Changwon] is the industrial hub of Korea led remarkable industrial growth for half a century. It is a home to the nation's the largest manufacturing industry complex including shipbuilding, plant, railway equipment and automobile companies.

Also, Gyeongnam is in the highest demand for smart factory due to poor facilities and high labor costs.

So the Local governments are actively introducing smart factory and smart technology.

## Directly Links You to Korean Mega Industrial Complexes in the Region with Money to Spend

Designated as a priority industrial event by the Government, SMATOF receives full support from central and regional government, allowing firms to exhibit with a great value.

SMATOF operates a free shuttle bus that circulates through major industrial complexes in South Gyeongsang Province, attracting major regional production and manufacturing buyers.

## Smart Factory & Manufacturing Show in Machine Capital of Korea

Taking place from October 29th to November 1st 2019, SMATOF celebrates its 6th opening. SMATOF is the only premier event to showcase smart factory and manufacturing technology at the industrial heart of world 5th manufacturing economy.

## President Moon calls for innovation in manufacturing sector

Moon said in a speech at an event to unveil smart innovation strategy for smaller firms held in Changwon, South Gyeongsang Province, some 398 kilometers south of Seoul.

"It is time for South Korea to raise its competitiveness through innovation and make a new leap forward as a manufacturing powerhouse," Moon said.

## Meet Korean Mega Buyers in the Region

Korea's Leading global manufacturing buyer companies take part in SMATOF as regional partners. SMATOF brings decision makers of the companies across a four day period.

## Exhibition Overview

Title	SMATOF 2019 (Korea Int'l Smart factory & Manufacturing Technology Fair)
Period	Oct. 29 (Tue) ~ Nov. 1 (Fri), 2019
Venue	Changwon Exhibition Convention Center (CECO), South Korea
Hosted by	Gyeongsangnam-do Provincial Government, Changwon City Government
Organized by	CECO Exhibition Team, Chomdan Inc.

## Exhibition Items

FA Solution	Control and measurement, vision, sensor, PLC, DCS, motion control, etc.
IOT-M2M	Clouding, security, communications equipment, big data, etc.
Industry-Manufacturing Robot	Industry robot, sensor, AI, automation manufacturing facility, etc.
Software	ERP/PLM, SCADA, MES, manufacture scheduling, etc.
Logistics Solution	Logistics IT, Logistics Technology, etc.
Metal Working Machine Tools	CNC lathes, milling machines, bending machines, drilling machines, grinding machines, gear cutting machines, electric discharge machines, broaching machines, centerless grinding, etc.
Press Forming	Hydraulic press, servo press, uncoiler, press peripherals, etc.
Tool & Parts	Raw / subsidiary materials, cutting tools and tooling systems, bite and milling cutters, grinding tools, finishing tools, diamond tools, drills, reamers, etc.

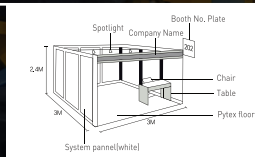

## Participation Guideline

### Registration Procedures

### Booth Types and Application

Classification	Fees per Booth	Remarks
Shell Scheme	USD 1,700	Space and booth
Space Only	USD 1,400	Space only

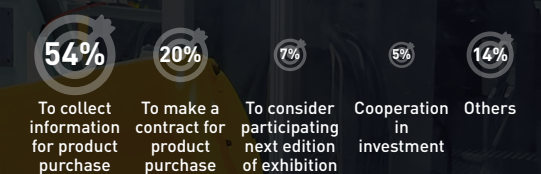

### Payment

Account Number : 684-07-0005989(Swift Code : KYNAKR22)  
Account Name : CECO(Changwon Exhibition Convention Center)  
Bank : KYUNG NAM BANK  
Address : 362, Wonidaero, Uichang-gu, Changwon, Gyeongnam, 51408, Korea

※ Payment should be made by a wire transfer in US dollar only.  
※ Payment should be made upon the submission of the application form.  
※ The contract will not be confirmed and the exhibit space will not be served until this payment is made.
